Dining with Us Changes Lives.

FareStart helps people transform their lives through food — one person, one job, and one community at a time — providing real solutions to poverty, homelessness and hunger through foodservice training, and job placement programs.

More than a Cafe.

Our cafes serve as the training grounds for the Youth Culinary & Barista Programs. Profits generated by our cafes are invested into FareStart's job training programs.

Great Food. Better Lives.

FareStart provides young adults with the tools, training and support they need to get a good job. Our Youth Culinary Program, in partnership with Seattle Public Schools, is designed for young people who are learning job skills while they are attending high school. The Youth & Young Adult Barista Program, a partnership with YouthCare, was built around the needs of young people who are willing to work hard to build a good life for themselves even though they are experiencing hard challenges.
