2013 ANNUAL REPORT

2013 ANNUAL REPORT LETTER FROM LEADERSHIP

Dear FareStart Supporters,

With this Annual Report, we send our deep and continuous thanks for your ongoing involvement and help with the advancement of FareStart's mission and work. As we look back at our community's accomplishments in 2013, we are continually reminded of the special power of the FareStart community to make a real difference! Your support is vital in the lives of our students and we'd like to share with you some of the year's highlights that you've helped make possible:

- 2013 was an **extraordinary year for FareStart graduates**. Their job placement rate for the year was 90% within 90 days of graduating, and their job retention rate after 6 months of employment was a record 88%! We're so proud of our graduates' successes, and this is heartening evidence that their experience at FareStart is truly transformational and leads to a new, sustainable life.
- We celebrated the **10th anniversary of our youth program** in 2013—the Barista Training and Education Program, run in partnership with YouthCare—and began a project partnering with Starbucks to create a curriculum for a national barista program for at-risk youth. FareStart is one of three organizations to pilot this curriculum in 2014.

- Speaking of national...our national network of food service social enterprise organizations, **Catalyst Kitchens**, welcomed its 50th member in 2013! This was a huge milestone in the development of the network and it has continued to grow rapidly, showing in real numbers the efficacy of our model to transform lives and the power of the social enterprise movement in our nation. We are so proud to be leading the way!
- Our social enterprise businesses are thriving in every way. 2013 was a record year, with restaurant sales up 22%, catering up 21%, shelter meals up 23% and child care meals up 15%. All this activity has meant training opportunities for 300+ students, revenue for our mission, not to mention providing **more than 587,000 meals** to low income adults and children, a founding principle of our organization.
- Perhaps the most exciting accomplishment of 2013, however, was all about the future of our community. Our leadership and board completed a **strategic platform** that will guide our work over the next five years. Based on the increasing need for FareStart in our community to impact homelessness, hunger, and poverty—as well as the opportunities we have for business expansion—this platform calls for taking our successful model and making it more accessible to more people in urgent need in our region. In addition, we have moved forward with exciting plans for a second location at the **Pacific Tower and Innovation Center**, starting in the fall of 2014, that will make our vision for greater impact for all of our programs a reality. We look forward to sharing details on those plans and our progress with you along the way!

Our growth will certainly bring challenges large and small. However, with a 14% increase in homelessness (2014 One Night Count), 13.2% of Seattle residents below the poverty line, 72,000 people long-term unemployed in Washington, and 1 in 7 Americans living in poverty, the need for our growth is clear and pressing. **Until there is no more homelessness, joblessness and hunger in our community**, FareStart will continue to strive to grow our effective, proven model of social enterprise and serve more people who are in need of a “hand up”. It is our imperative to do so—our reason for being and our mission.

We are so grateful for the enthusiastic and unwavering support of our community! Thank you for your investment in transforming lives at FareStart in 2013, and for your ongoing dedication to making our community's future—and the future of many, many more FareStart students—full of hope, courage, and possibility!

Best wishes,

“I am happy, sober, and free to be the me that I want to become.”

– Chris, FareStart student
